TO: All LPSC Patrons

FROM: Lester Prairie Sportsmen's Club – Board of Directors

SUBJECT: COVID-19 Safety Plan for Shooting

DATE: May 25, 2020

We are taking every possible effort to help keep you and our employees safe. As a result, we will be implementing the following safety guidelines:

- If you are sick with fever, cough, or other flu-like symptoms, please stay home.
- Practice “social distancing” before and after shooting.
- We encourage one person from the team to enter the clubhouse to sign up and pay for the entire team.
 - You may pre-pay for your league shooting \$70.00 for 10 rounds.
- Club personnel will write names/teams on scoresheets.
- The number of people in the clubhouse will be limited. Please move conversations outdoors if possible.
- Limit spectators, especially children.
- Only the single-person restrooms will be open at this time. Wash your hands!
- Staff will be cleaning and sanitizing surfaces at regular intervals.
- No concessions will be available at this time.
- Club personnel will adjust voice pullers, shell buckets, etc.
- Do not engage with trap help. Do not touch scoresheets, clipboards, pencils, etc.

You may also consider shooting ahead so your team only needs to come to the club every other week. Simply move back one yard on your second round.
