

# Lester Prairie Sportsmen's Club

Established 1967  
**lpscmn.com**  
trapshooting • Club house Rentals

TO: All LPSC Patrons

FROM: Lester Prairie Sportsmen's Club – Board of Directors

SUBJECT: LPSC Opening 2020

DATE: April 23, 2020

Safety has always been of the utmost importance at the Lester Prairie Sportsmen's Club. Therefore, we are taking some extra steps to assure everyone's safety during this Covid-19 outbreak. Effective immediately, we are implementing some interim policy changes to comply with the Governor's Executive Orders, and to keep our staff and customers as safe as possible.

- Beginning 4/29/2020, we will be open Wednesday evenings from 6:00 – 8:30 for **practice shooting only**. No League or Lewis Class shooting will be done at this time.
- No scores will be recorded.
- The clubhouse will be locked. No restroom facilities will be available, please plan accordingly.
- No concessions will be available.
- Staff will be available outside to sell practice round cards, 4/\$25, or \$7 each. Check or cash.
- To provide for proper distance between shooters, only 3 people can shoot at a time. Begin on posts 1,3,5.
- Only LPSC personnel will handle any of the equipment at the trap field (ie: microphone stands, shell buckets, etc.).

We would like to encourage everyone to respect the following:

- **If you are sick with fever, cough, or other flu-like symptoms, please stay home.**
- Practice "social distancing" before and after shooting. At this time, we are encouraging people to come out, do your shooting, and go home.
- No spectators, especially children.

**If the above conditions are not met, we may be forced to cease operations until further notice.**

The LPSC will be reviewing all changes in the recommended safety guidelines and regulations during this pandemic. Any future events will be reviewed and approved by the board if/when we feel that they can be completed while fully maintaining those guidelines.

As always, we appreciate your continued support! This is a challenging year for everyone. Thank you for helping us maintain a healthy balance.
